ARAB PATROL IS HOST AT SUPPER

With Dr. Charles A. Stewart as New Captain, Festive Time Is Enjoyed by. Shriners.

Tribuute to Dinngman

Past Imperial Potentate of the Imperial Council. A. A. O. N. M. S. Harrison Dinguisan, was referred to by Capt. Stewart as one who had ever been putting forth, his best efforts for the Patrol. Past Imperial Potentate Dingman, who has served twice at potentate of Almas Temple and is now its venerable recorder, was then introduced by Potentain William Hamilton Smith in a few heartfelt words of appreciation of his great a quistance at all times in the work of the shrine.

Potentate Smith was praised for his wonderful writimality in his first ceremonial held recently, and for the record he has made by Recorder Dingman, who also told told of the name that Almas Temple has all over the world. In 7s per cent of the States and Territories, said Mr. Dingman, "there are members of Almas Temple, who still retain their membership with us. Even in Manita there is a Shriner's club, which has seven nobles of Almas remple on its rolls, and in the Canal Zone there has recently been organized a Shriner's club, which boasts that the majority of its members are nobles of Almas Temple."

Mr. Dingman exercised his special delight in being precent, and weed.

Weather Is Looked for

To-morrow.

The Western storm which touched washington yesterday in passing, and gentle spring will hold the people of the in Maitonal Capitat enchanted within a few days. To-day will be clear, according to the prediction of the Weather Wisard state shaft. It will be cold, however, as the prediction of the Weather Wisard state shaft. It will be cold, however, as the state of the shaft washington yesterday in a passing, and gentle spring will hold the people of the Maitonal Capitat enchanted within a few days. To-day will be clear, according to the prediction of the Weather Wisard shaft shaft, it will be cold, however, as the prediction of the Weather Wisard shaft shaft. It will be cold, however, as the state of the prediction of the weather will be given during the day as low as the 22 point, which means freezings. The mercury sell drop during the day as low as the 22 point, which means freezings. The mercury sell drop during the day as low as the 22 point, which means freezings. The mercury sell drop during the day as low as the 22 point, which means freezings.

To-morrow might the cold wave will begin to rise. By a the-morrow night the cold wave will begin to rise. By a the-morrow night the cold wave will begin to rise.
